WORK EXPERIENCE

AtiNegar Inc. 2011

Web Developer

Worked on Zend framework 1 and template designing with CSS, HTML.

PlusNet Co. 2012 — 2013

Senior Full Stack Developer , Web Trainer

My second experience with a company. I worked on a lot of projects in this company also their CRM system wrote by vanilla PHP.

GoldFish School 2013 — 2014

Wordpress Developer, Full Stack Developer

We worked on their project that was a multilingual platform for learning languages.

KandoHost 2014 — 2015

Front End Developer

I designed their current website from scratch with CSS, HTML, Sass, and PHP.

Inovira Startup Accelerator 2017 — Present

Front End Developer

I worked on Vue.js, UI/UX and all front-end related tasks there.

WikiShahr 2018

Laravel Developer

This was my last job in a company. WikiShahr is currently closed. I was working on a Restful web service here.

JZP 2018 — Present

Front-end Developer

I worked on Angular.js, UI/UX and all front-end related tasks there. Plus a bit C# .

Mocowi 2019 — 2020

Full-stack Developer

I worked on several projects as Front-end and Back-end developer.
